*Advanced Trader recommendations are targeted towards portfolios that are enabled for margin trading and options trades. Subscribers need to be cautious in position sizing the trades and review their risk profiles carefully.

*Our ratings guide allocation: 'A' rated trades, suggesting higher confidence, can comprise up to 16% of your portfolio, 'B' rated at 8%, and 'C' rated at a cautious 4%. Note that a 'C' rating doesn't always imply lower quality but may indicate a strategy to gradually enter a trade, utilizing dollar cost averaging. AA trading indicates higher conviction and an allocation of up to 32% in a single stock.
